This bike was bought and babied from the start. Kawasaki Klx 450r enduro motorcycle. Premium FMF titanium powerbomb exhaust. Electric start! Electric head unit. Odometer. Head and tail lights. Renthal racing bars. Comes with helmet and armored jacket. Barely driven at all. I ride it to the fishing hole and back. I keep it running and only use marine gas. Paid near 10k brand new for her. Look at pictures for the mileage. This is basically a brand new bike. I take care of my things and you will not regret taking advantage of my loss in selling this bike for less than half what I paid for it. Contact me and let's make a deal . 251-223-6119
