Hello and thank you for looking at my post, this is the extremely hard to find dodge ram long horn 4x4 eco diesel that is hard loaded with the rare limited southwest leather package. For those that know the truck nothing else needs to be said, but for those that don't, this is a serious truck will tow 11k lbs yet it drives like a pickup truck while getting good mpg's and yes it's extremely clean the truck runs and drives flawlessly with 0 issues and no lights are on in the dash!!!! This is a extremely sharp truck inside and outside. It has EVERY available option and it all works perfectly. The pictures don't do this truck any justice at all. The truck still smells like new inside (like a big leather saddle) this isn't new by no means but it's as close as your going to get without buying new!! Asking \$28,900 obo that's \$5k behind loan. If your a picky person and your looking for a awesome super clean truck I urge you come look at mine. call or text Lee 251/284/one seven three two.
